Mastering a Product Launch — Executive PMM Framework

Launching Complex Products in Complex Markets

Enterprise and industrial launches require clarity, alignment, and repeatability. This framework distills 18 years of launching Physical AI platforms, Digital Twin engines, Industrial SaaS, and OT/IT convergence products.

Five Pillars

1. **Narrative Architecture**
2. **Market Readiness**
3. **Revenue Architecture**
4. **Sales Enablement**
5. **Adoption & Expansion**

Launch Metrics

- Time-to-value
- Pipeline velocity
- Win-rate lift
- Expansion ACV
- Retention

Where This Framework Applies

- Revenue architecture aligned to buyer economics
- Sales enablement built around operational proof
- Onboarding designed to shorten time-to-value
- Expansion plays tied to measurable adoption

PMM Leadership Mandate

A great launch is about alignment, clarity, and commercial impact.
